## About Me

In 2008, I fell in love with the web, mastering Javascript and PHP, HTML + CSS and responsive web design and MySQL as a foundation. My intended career path is to progress as a Full-stack Developer, providing knowledge and expertise. By 2012, I had transitioned to a full-time role and honed my teamwork skills. My 15 year journey has been one of Analytical and Creative thinking and refining Workflow.

### Workflow:

## Professional Experience

MAY 2022 - DECEMBER 2022

### Full-stack Developer

A.G.H Iberica

Working for a prestigious elevator company I was entrusted with the integration of new equipment within their central dashboard that provides reporting by the second and remote configuration management, expanding business by 1.4 million units. My day consisted of working on cloud based services and IOT devices to support the whole EMEA region. Extending with C#.NET and Javascript for rich user features in hybrid SPA architecture. Meanwhile working in a team engineers and managers from Europe, India and the U.S.

### Design:

- UI Components
- Data Visualization
- Form Development

### Solutions:

- Threat Analysis
- Risk Assessment
- Validation and Sanitization
- End-to-End Testing

### Management:

- Cloud Services
- CI/CD Pipelines
- Environments
- DACPAC and MSSQL

JUNE 2015 - NOVEMBER 2021

## Web Developer

CLC World Resorts and  
Hotels

It was my responsibility to develop online infrastructure within CLC World. My projects have included Booking Engines data driven Dashboards for reporting, social media, email and involvement in the creative department's media Library. I was privileged to be the creator of critical business solutions, like REST apis for lead actioning the company's vital data services. Increasing Conversion Rates by 13% from t.v campaigns with over 600k budget.

### Design:

- Media Library
- WP Theming
- Email Templates
- UX

### Solutions:

- Data Dashboards
- Lead capture
- Payment Gateways
- Booking Engines
- WP Plugins
- Transactional email API

### Management:

- Cloud Deployment
- GIT
- Google Analytics
- Digital Marketing
- Emarsys (Email Suite)

JUNE 2014 - JUNE 2015

## Web Projects Junior

CLC World Resorts and  
Hotels

My initial role was management of 40 websites, WordPress theming, updates and security, with considerable involvement in designing pages, banners and content publishing. I gained experience with Mobile U.I. and Design, keeping up with the pace that the company demanded. Bringing my programming skills to the table I was able to improve Data Capture and tools internally for the department. This led to a promotion of responsibility and job role.

### Design:

- Respsive UI
- WP themes
- Landing Pages
- Graphics
- Email Templating

### Solutions:

- 40 Marketing Sites
- Data/Lead API
- Survey Dashboard

### Management:

- Server APACHE
- Git Repo
- Analytics
- Emarsys (Email Suite)

JUNE 2013 - JUNE 2014

## Designer

Freelance

During my time as a freelancer, I have had involvement in creating a large number of websites at a professional level. These have ranged from static 5 page sites, to Shopping Carts and huge Real Estate directory sites, where I provided solutions in the way of Data Integration and SQL Databases with thousands of pages of fresh, indexable content.

### Design:

- Graphics
- Responsive HTML5 Frontends
- Static Web Pages

### Solutions:

- Wordpress
- E-Commerce
- API Integration

### Management:

- LAMP Stack
- Account Management

My job at Property Point Marbella was to develop the company websites, along with enhancing the company's presence and reputation on search engines and social media. During this time, I was managed by a large, local, third party tech team to realize the specific goals laid out by them. I gathered extensive useful experience and we launched ambitious SEO driven landing page campaigns comprising of over one hundred satellite sites.

### Design:

- Landing pages
- Lead Capture Forms
- Graphics

### Solutions:

- Dynamic Landing Page
- HTML Frontends

### Management:

- Webmaster
- 100's of tlds
- SEO/social media

## Education
